## Message

Dear Students, Parents and Staff  
Greetings!

It is my pleasure to welcome you all to our School Newsletter for the month of April 2023. As we move further into the New Academic Year, I am proud to say that our School community continues to thrive and grow.

I want to take this opportunity to commend our Students for their hard work and dedication towards their studies. Despite the challenges, our Students have remained resilient and committed to their education, and for that, they deserve our utmost respect and admiration.

I also want to extend my gratitude to our Teachers and Staff who have worked tirelessly to provide our Students with a safe and nurturing learning environment. Their dedication and commitment to our Students' success are truly commendable.

As we move into the beginning of the academic year, I encourage all of our Students to remain focused and dedicated to their studies. Let us continue to work together to create a community that fosters learning, growth, and mutual respect.

Thank you for your continued support, and I look forward to seeing all the great things our Students, Staff and School community will achieve in the coming months.

Sincerely

**Supriti Chauhan**

**Principal  
DPS, GBN**

## Back to School

A new chapter of life is waiting to be written. New beginnings, questions, aspirations and discoveries. DPS, GBN warmly welcomed the dipsites of Grades 1 and 2 as the School reopens for yet another session filled with joy, amusement, and education. Children participated in a plethora of activities which allowed them to interact and learn better. Our talented teachers led a wonderful Welcome Assembly that was designed to help the kids comprehend and learn the elementary rules of life. This was followed by Zumba and Yoga classes that inspired the kids to be active and healthy. The amazing creative craft activities that the students participated in were loved by all. Children of Grade 1 took part in a Vegetable Printing activity and Grade 2 kids proudly hung the sweetest token of love around their necks in the form of a tie, to symbolize their joy at the beginning of yet another wonderful stage of life. They played the 'Pass the parcel' game to introduce themselves to their classmates followed by a mesmerizing 'storytelling' session. These joyous and amusing activities of the welcome week helped in creating a firm bond between the teachers and their dearest students.

## Life Skills- Sharing is Caring

Storytelling is the most powerful way to put ideas in the world today. It has become a comprehensive tool for blooming creative imagination and communication skills, with ethical values combined to it creates the cherry on the cake. Keeping the same ethos in mind DPS, GBN have come up with 'Awakening', a value education program for Primary students by Ramakrishna mission. The first session was a delight for our young dipsites of Grades 1 and 2 as they learned the pivotal skill of life "Sharing is Caring" by an exceptionally fascinating story, narrated fabulously by our talented teachers. Our children happily took home their learnings. Few understood it as a way to share their parent's responsibilities and few took it as a way to share prerequisites (food and water) with birds or animals. The happiness of learning the life skill in such an engrossing way was evident in each child's eyes.

## Eid celebration

*It's a day of rejoicing and bless,  
It's a day of blessing and peace,  
It is a day to reflect and ponder,  
Most of all it's a day to celebrate together!  
Eid Mubarak*

The DPS-GBN family honoured the festival of Eid on April 20, 2023, with this happy emotion. Our young students of Grades 1 and 2 actively participated in the celebration. Making, colouring, and decorating the cutout of the crescent moon was a creative activity that Grade 1 students engaged in with great vigour. The Grade 2 students, on the other hand, made amazingly appealing bookmarks, wrote "Eid Mubarak," and gave them to each other as a token of affection. Additionally, they acquired knowledge about how and why Eid is celebrated. Our jovial ones of Grades 1 and 2 brought delicious desserts to share with their friends and teachers in order to glorify this festival of joy and camaraderie. The activities were extremely fun-filled and gave each child a superb joyous experience.

## An Ode to Mother Earth

***"Never doubt that a small group of thoughtful, committed citizen can change the world; indeed, it is the only thing that ever has." - Margaret Mead***

The aforementioned quote seems perfectly adequate for our young dipsites, who are extremely mindful of Mother Earth. On 21<sup>st</sup> April, 2023, Earth Day was lauded with great zeal at DPS-GBN. With posters and banners showing a joyful and dejected Earth, our little bundles of joy from Grades 1 and 2 enthusiastically participated in the Procession and March Past to save Mother Earth. Grade 1 children had a fun-filled visit to a farm and Grade II children expressed their views on the 3Rs: Reduce, Reuse, and Recycle via amazingly creative posters. They were also sensitized about Sustainable Development Goal-15 'Life on Land'. The enthusiasm of the kids led us to the thought that if these munchkins can do their bit and make us aware to save Mother Earth, then we should also do our best to save it. On Earth Day, our little ones took an oath to protect their environment and grow more trees. As we gear up for the next generation to save our priceless planet, the kids indeed learn a lot.
